Appendices to the various volumes bound separately.

A handbook on basic voting rights and the latest voting technologies seeks to inform readers about how to cast a vote in accordance with today's procedural updates, in a reference that draws on the expertise of activists and public-interest lawyers and also shares tips on how to avoid poll problems. Original.

1868-1909/10, 1915/16- include the Statistical report of the secretary of state in continuation of the Annual report of the commissioner of statistics.

Kevin Spencer, the intrepid hero of such stories as Liar, Liar and Flat Broke, tackles his latest ambition in the form of a run for political office, an effort that involves a goofy and unique campaign.

"The first section of this book presents arithmetic evidence that Alfred Smith was a strong Democratic candidate in 1928. The second presents statistical proof that the so-called liquor, religious, and metropolitan issues had no significant relation to Smith's electoral strength. The third and final section is concerned with problems of political historiography in the study of American elections."--Publisher's description.
