A Spiritual Guide to Money is a special kind of book. It is designed to give the serious seeker powerful tools to gain inner freedom and genuine spiritual experience. Like fishes swimming in the sea, unconscious of the water, we are unconscious of the psychological, emotional, and spiritual associations and reactions we have to the world of money that is all around us. Gaining awareness of these powerful beliefs, attitudes, and behaviors is a major step towards inner freedom. And inner freedom opens us to an entirely new spiritual awareness of ourselves and the world, regardless of the religious or spiritual tradition we follow. This book is full of stories that amuse and enlighten, and exercises that help the reader apply the book's approach in his or her own life. It works at the psychological as well as on the spiritual level. It is written in nontechnical, easy-to-understand terms, and the easy, humorous tone it takes makes it fun to read. No matter what your spiritual beliefs, you can benefit from and enjoy reading this special book. Your relationship with money will never be the same again!

Rich or poor, we all face the problem of money. But is money chiefly a personal problem of how we manage our resources or a societal problem of how we organize the economy? Jacques Ellul exposes the folly of a purely societal approach -- whether communism, collectivism, socialism, or capitalism -- and argues for individual responsibility. Money, he says, is not neutral, something we can use as we like. Instead it is a powerful agent that sets itself against God's kingdom. Tracing the scriptural

attitudes toward wealth from Old Testament sacramentalism through New Testament renunciation, he challenges Christians to live by the law of grace and not by the law of the marketplace.

In *Wealth Can't Wait*, David Osborn and Paul Morris share their knowledge, dismantle myths about wealth, and demonstrate how best one can achieve financial liberty. Osborn and Morris's method consists of a five-part strategy of steps to boost wealth. By cultivating the habits, mentality, and business practices to secure the best results, you will be inspired to reach your financial ambitions today.

Stack the odds in your favor and start building your wealth today! New York Times, Wall Street Journal, and USA Today Bestseller

Set in the fictional and reluctantly bilingual land of Mimbo in contemporary Africa, this story revolves around the tragedy of the haunting *Prosp're*, a semi-literate Mimbolander who is searching for the finer things in life. The novel presents a graphic picture of the frustrations engendered by a society that values wealth over love.

This book evaluates the global status and prospects of democracy, with an emphasis on the quality of democratic institutions and the effectiveness of governance as key conditions for stable democracy. Bringing together a wide

range of the author's work over the past three decades, it advances a framework for assessing the quality of democracy and it analyzes alternative measures of democracy. Drawing on the most recent data from Freedom House, it assesses the global state of democracy and freedom, as of the beginning of 2015, and it explains why the world has been experiencing a mild but now deepening recession of democracy and freedom since 2005. A major theme of the book across the three decades of the author's work is the relationship between democratic quality and stability. Democracies break down, Diamond argues, not so much because of economic factors but because of corrupt, inept governance that violates individual rights and the rule of law. The best way to secure democracy is to ensure that democracy is accountable, transparent, genuinely competitive, respectful of individual rights, inclusive of diverse forms and sources of participation, and responsive to the needs and aspirations of ordinary citizens. Viable democracy requires not only a state that can mobilize power to achieve collective goals, but also one that can restrain and punish the abuse of power—a particularly steep challenge for poor countries and those with natural resource wealth. The book examines these themes both in broad comparative perspective and with a deeper analysis of historical trends and future prospects in Africa and Asia,. Concluding with lessons for sustaining and reforming policies to promote

saving, investing, setting financial goals, budgeting, borrowing, and seeking financial advice. Some tips involve doing specific things: writing, adding, and subtracting. Others suggest ways of thinking about money and what we do with it. This volume is intended to help readers get the most out of this tool we call money, whether dealing with a lot of it, or just a little. Readers are encouraged to think further with 10 Great Questions to Ask an Economics/Finance teacher and Myths & Facts.

In *Seven Years to Seven Figures*, self-made millionaire and renowned wealth coach Michael Masterson reveals the steps you can take to accumulate seven-figure wealth within seven years—or less. *Seven Years to Seven Figures* will give you the tools to increase your income, get the highest possible returns on investments, save wisely—and secure your financial future faster than you may have ever dreamed.

Here is an opportunity for you, as a young adult to quickly learn how to deal with most aspects of life in the world outside your home and school environment. To the average adult, most of this information is 'common sense' and this is the information that adult role models want to give their children, but do not have the time in their busy lives to do so. As a young adult, THESE are the skills that you need to learn quickly in order to deal with life's hurdles. No one ever writes this information down for you until now. Even AFTER reading this book you WILL still make mistakes in your life, but hopefully you have learned enough from this book that they are only small mistakes, and not cost you too much time or money.
