Author Kenneth Haw was born to a family of wanderers, migrant workers, and moonshiners. His parents, both born in Oklahoma, traveled west to Arizona, California, Oregon, and Washington, following the crops, before settling in the small town of Casa Grande, Arizona. Ken and his family lived in at least thirty-three different places before settling in Mesa, Arizona, in the early sixties. In 1962, Ken was faced with the choice of going to prison for vandalism at an early age or entering the US Air Force and trying to turn his life around. *Just Wait 'til Your Dad Gets Home* is the story of Ken's decision, which, right or wrong, made him the man, husband, and father he is today. This coming-of-age memoir follows the life of a decorated law enforcement officer who overcame humble beginnings and a dysfunctional family life in a migrant farm worker family. His story is filled with rich detail about his life in Arizona and in the Southwest, sharing a variety of experiences in the Dallas Police Department and of some headline-grabbing fraud cases. He also chronicles the death of his mother. In this memoir—one that leaves more questions than answers about his life—Ken recalls the varied experiences of his life and how they shaped him throughout the years.

and finally experiencing the new parent transitions of Year One. This is Dylan's first book. He is learning to be a dad and husband one day at a time. After the trauma of a divorce, why do some wives assume that they have the sole right to bring up their children and keep the dad on the periphery of their children's lives? A dad in name only. Sadly, the view that mothers are the best parents, especially if the children are girls, is widely believed, no matter how capable, caring, eager and loving the dads may be. This is unjust and unfair, as will be attested by the many broken-hearted and devastated dads, separated - or about to be - from their children. For these dads and others in similar situations, this is a book of hope. It tells the true story of a determined, devoted dad and his fight to keep his daughters - to be a major part of their lives from early childhood to maturity. It is a victory of enduring love and care, faith, belief and courage over prejudice, hostility, lack of support and respect and downright lies. The ultimate triumph is that his two girls are now delightful, well-balanced and thoughtful young ladies who adore their dad. They are well-equipped to face whatever may arise in the future because they are have always been grounded and guided by his love, care and understanding.
