About Mentors Library Books are mentors. Books can guide what we do and our lives. Many of us love books while reading them and maybe they will echo with us a few weeks after but 2 years later we can't remember if we have read it or not. And that's a shame. We remember that at that time, the book meant a lot to us. Why is it that 2 years later we have forgotten everything? That's not good. This summary is taken from the most important themes of the original book. Most people don't like books. People just want to know what the book says they have to do. If you trust the source you don't need the arguments. So much of a book is arguing its points, but often you don't need the argument if you trust the source you can just get the point. This summary takes the effort to distill the blahs into themes for the people who are just not going to read the whole book. All this information is in the original book.

SUMMARY BUNDLE | Women in Business Includes Summary of Secrets of Six-Figure Women, Summary of Dare to Lead, Summary of Game Changers, Summary of Company of One, and Summary of the Moment of Lift ZIP Reads Start With Why: by Simon Sinek | Summary & Analysis A Smarter You In 15 Minutes... What is your time worth? Simon Sinek's book explains what

it is that those apparently born leaders do that makes them so successful. He explains how leaders are not necessarily born; that they can be made. Sinek reveals how any of us can learn what the world's "born" leaders do that most people don't. This is a "must read" book for anyone who wants to lead their organization to success. What is the great secret that puts one person or organization way out in front of the rest? How do they get to be so much more innovative and successful and remain so, whatever their competitors do? Well, the answer is that asking questions is a good start but they have to be the right questions. Sinek tells us that the most vital question is "WHY." In business, it is obviously a good idea to know what you do. You need to know how you do it. But most important of all is to know WHY you do what you do. In "Start with Why," the author explains that it's the basic question all the great leaders in business, social reform, or any other field asked themselves right at the beginning. He examines such leaders as Steve Jobs, Richard Branson or Martin Luther King and notes that they all applied the same thinking and started from the same question: "WHY?" The book goes on to show us how to apply this principle in our own businesses. It explains how to get from "what?" to "how?" and on to "WHY?" Why are we doing what we do rather than something else? Read the book, apply its lessons and you could be the next Jobs or Branson. The

* Our summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. By reading this summary, you will learn how to redefine the limits of each sphere of your life, in order to keep the stress caused by modern life away from the rest of your existence. You will also learn : how technological progress has destroyed man's emotional defenses and made him vulnerable; what is the mechanics of stress and why it leads to psychological breakdown and burn-out; how to analyze your negative emotions in order to redirect them and transform them into positive and creative energy; how to establish the four vital conditions for a fulfilled existence, being in control of one's destiny. The twentieth century is an unprecedented turning point in the race for progress; this era sees a definitive transformation of the rhythms of life, human psychology and all the paradigms of previous eras. From then on, material comfort and easy access to all desires and fantasies developed. However, this abundance comes at a price and gradually nibbles away at our emotional defenses; it makes us vulnerable to the ever-increasing demands and pressures of modern life. Healing is possible, but it

Note: This is a SUMMARY of Gary Vaynerchuk's book, *Crushing It! - How Great Entrepreneurs Build their Business and Influence-and How You Can, Too*. *Crushing It!* became a bestselling business book for simple reasons... Vaynerchuk, a prolific investor and social media guru, guides readers through the processes of how to utilize the powerful social platforms available to each of us to grow a personal brand. We all have a passion, something that we would rather do than our nine-to-five. Why not find a way to do what you love and make money? The reality of monetizing our passion is more than possible today with all the powerful (and free) tools at our disposal. Alongside Facebook, Twitter, Instagram, Youtube, etc. there are always new platforms emerging. Diversifying your brand across all of them is at the core of what it means to crush it. You will learn the fundamentals to becoming an influencer and the actual platform-by-platform tactics to elevate your brand and live life on your terms. Gary shows his readers how to recognize opportunity by showcasing entrepreneurs who took the advice of his first book, *Crush It!* (2009). These folks are living the life that they've always wanted

disinterested; that you owe it to yourself to be a leader; how to create and manage your tribe. *First of all, what is a tribe? It is a group whose members are connected and share a common vision. This group is led by a leader, also connected to his tribe, who initiates the vision. Leader and tribe therefore appear not to be able to live without each other. If the Internet is not at all what created the tribes, it has nevertheless allowed them to relocate. It is also an unprecedented tool for communicating with and within the tribe. You must become a leader, because we need you and your tribe to make a difference. Today, the question is no longer whether you can do it, because everything is available to you. The question then is: are you going to choose to become a leader now? *Buy now the summary of this book for the modest price of a cup of coffee!

As a result, liberals tend to attack the right as a bunch of oppressive, conservative bigots. But in his book, Don't Burn this Book, Dave Rubin counters this narrative by arguing that it is the liberals who are racist and authoritarian. As a former leftist, Rubin argues that liberals are only interested in bullying everyone into believing a particular narrative. But despite their attempts, America's hope lies in the hands of those who are willing to be independent free thinkers rather, not those who adopt a herd mentality.

vulnerability is the key to personal growth - Editorial Review - Background on Dave Hollis About the Original Book: In this part memoir and part self-help guide, Hollis draws from his experiences as a business executive, entrepreneur, husband, and parent to illustrate how the lies we tell ourselves can keep us feeling stuck and rob us of our right to an exceptional life. Hollis opens up about the lies he told himself—that self-development tools are for weak people, work-life balance is achievable if you are determined enough, among others—and reveals how finding and embracing the truth changed his life. People, he explains, get stuck in careers and relationships not because of the circumstances of their lives but because they have decided to live within the boundaries they have created for themselves. Anyone who feels there is more to life but doesn't know how to reach for it will find this book an insightful guide.

When: The Scientific Secret to Perfect Timing Overview Daniel H. Pink digs through hundreds of scientific studies to reveal the secrets to the perfect time to go to school, book a hospital appointment, appear before a parole board, work on problems that demand creative solutions, and even marry.

The Talent Code Overview Coyle shares his conversations with different brain specialists and his itinerary through “tiny places that produce Everest-size amounts of talent.” In his fact-finding mission, he unearths a common larger pattern identifiable in these talent hotbeds that can be replicated in skill building exercises to produce accelerated learning.

Drive: The Surprising Truth About What Motivates Us Overview Drive is a candid and timely reminder that external rewards only motivate people to get more rewards, not to do the work for which they are being rewarded. Executives, general employees, teachers, and parents looking for ways to improve their organizations or increase the motivation of the people they are in charge of will find this book very insightful.

The Culture Code Overview It turns out that the most successful groups are not necessarily the smartest, biggest, or best equipped, but the most connected. A highly approachable read rich in insight, Coyle’s book is a guide that will prove valuable to any grouping seeking to create a more productive, enjoyable culture.

To Sell Is Human Overview Weaving engaging

From where did the world appear? Is the creation story true? Why is Man the way he is? Were there men, before you and I? Would there be other species after you and me? Religion & Politics: what is their origin? And why do they rule our world so strongly? Oh well! You might be in for a shocker! If you were told today that you come from a lineage of animals, and probably have some apes and chimpanzees as long-lost cousins, what would you think? If you knew that the creation story was just make-believe invented to control your world, what would you say? What if you were told that your species would one day come to an end? All of these and many more are the topics explored in "SAPIENS." In the book "Sapiens", Yuval Noah Harari discusses all you need to know about who you are and where you come from, and debunks the many myths that have lived with us until now. This book contains a comprehensive, well detailed summary and key takeaways of the original book by Yuval Noah Harari. It summarizes the book in detail, to help people effectively understand, articulate and imbibe the original work by Noah. * Our summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. By reading this summary, you will discover why it is fundamental to rethink your relationship to screens and interfaces in the development of innovative technologies. You will also discover : why we have developed a conflicting relationship with technology; what is an interface and what is the difference between UI and UX ; that innovation does not necessarily mean developing an interface; how it is possible to think about technology more simply; how to put computers at our service rather than using them; what are the challenges for better technological innovation. To meet our new needs, we have seen a huge number of mobile applications and screen-based technologies flourish. These interfaces between the user and his or her daily needs give technology an increasingly important place in our lives. Instead of saving us time, it becomes invasive and requires us to spend more and more time interacting with an interface. Yet we have the means to think about more intuitive innovations that do not require an interface to work. To do

Download Ebook What Is The Summary Of The Poem Nani By Kamala Das

this, we need to become aware of our relationship with technology in order to refocus on the reality of needs. What is a good innovation? New technologies can lead us to better manage our time, and even save lives, without asking us to spend even more time in front of a screen. What if the best interface is no interface at all? *Buy now the summary of this book for the modest price of a cup of coffee!
