Catie stood in front of the full length mirror. It was Friday night. The one night a month that she could dress up and go out dancing but, nothing was going right. Catie sighed and began to fiddle with the new Karen Millen, black and white geometric patterned dress. Catie reached down and smoothed her stockings, and checked the mirror one final time. The reflection indifferently shrugged in reluctant acceptance. Was that a smudge of mascara? Catie reached for a tissue and wiped the corner of her eye. She cursed. How do other women manage to achieve long curly perfect eye lashes when she could only ever manage to surround her eyes in a black gooey mess. She took out the dark cherry red lipstick and freshened her lips, pouting, to dab away any excess lipstick with the tissue. Her silvery blonde hair hung limply around her face. She thought maybe it was time for a new hairstyle? Catie shuffled her feet. Would she be able to dance or even walk with the four inch black high heels she had chosen for the evening. Catie stood in front of the full length mirror and smiled. The transformation from a man to a woman was complete, at least for one night.

Have we forgotten what is really important in this life we live? Are we just passing through not really knowing what our purpose is or what the meaning of life is anyway? What direction is the church going? What has happened to the real meaning of one body, one church? What does it mean to be unified as one body? These are some of the questions people have in regards to this thing we call the journey of life. Life does not have to be as complex as we sometimes can make it. It's called one step at a time, one day at a time. It's time to be real with one another and stop pretending to be someone we are not. My hope is that you will be inspired by reading THE HURTING CHURCH.

This groundbreaking book examines marital relationships in contemporary Mormon polygamous families.

Have you ever wondered why we Christians do what we do for church every Sunday morning? Why do we "dress up" for church? Why does the pastor preach a sermon each week? Why do we have pews, steeples, and choirs? This ground-breaking book, now in affordable softcover, makes an unsettling proposal: most of what Christians do in present-day churches is rooted, not in the New Testament, but in pagan culture and rituals developed long after the death of the apostles. Coauthors Frank Viola and George Barna support their thesis with compelling historical evidence and extensive footnotes that document the origins of modern Christian church practices. In the process, the authors uncover the problems that emerge when the church functions more like a business organization than the living organism it was created to be. As you reconsider Christ's revolutionary plan for his church—to be the head of a fully functioning body in which all believers play an active role—you'll be challenged to decide whether you can ever do church the same way again.

A celebration of clothing in bright, beautiful photographs of exuberant and diverse children from around the world, WHAT WE WEAR: DRESSING UP AROUND THE WORLD inspires young readers to explore the way clothing makes them feel and how it tells the world who they are. What we wear can identify who we are: what team we play for or what team we root for, where we go to school, how we worship, or how we represent our heritage. What we wear expresses our individuality, and clothes can make us happy, confident, and proud. Whether it's a piper in a tartan plaid, a cowpoke in a cowboy hat, or a novice in ceremonial face paint, children everywhere wear different clothes and accessories for different reasons. But, one thing they all have in common is that they are all unique and beautiful.

Backmatter encourages young readers to explore the way people dress in other countries and other cultures at folk festivals, at museums, and at home by asking about their own family heritage.

At a time when literacy has become more of a political issue than a research or pedagogical one, this volume refocuses attention on work with young children that places them at the center of their literacy worlds. Drawing on robust and growing knowledge which is often marginalized because of political and legislative forces, it explores young children's literacies as inclusive, redefined, and broadened—encompassing technologies, the arts, multiple modalities, and teaching and learning for democracy, cultural sustainability and social justice. Highlighted themes include children's rights to grow through playful engagements with multiple literacies to interrogate their worlds; adults who expand and inspire children's consciousness and awareness of others and the world around them; the centrality of meaning making in all aspects of language and literacy development; a deep respect for diversities, including languages, cultures, sexual orientation, socioeconomic status and more; and an expansive understanding of the nature of texts.

The way we dress gives out messages about our inner self, our approach to life, about our individual personality. This book explains in detail the 10 core 'Wardrobe Personalities' and through a questionnaire enables the reader to identify which they are and understand why they prefer to dress in a certain manner. Tips are provided to help adapt an individual style to different circumstances, so that you own a wardrobe of clothes that you will feel, as well as look, great in. The aim of the book is not to dictate what you should or should not wear, but rather to help you to understand your own style and to teach you to express it more fully, whilst also appreciating differences of opinion when it comes to appearance. Once you understand your Wardrobe Personality you will then learn what styles, fabrics and accessories (if any) are best suited to you. You will also learn how to adjust your wardrobe throughout the rest of your life as you change, grow and develop.

A leading scholar explores the importance of physical objects and sensory experience in the practice of religion. A History of Religion in 5½ Objects takes a fresh and much-needed approach to the study of that contentious yet vital area of human culture: religion. Arguing that religion must be understood in the first instance as deriving from rudimentary human experiences, from lived, embodied practices, S. Brent Plate asks us to put aside, for the moment, questions of belief and abstract ideas. Instead, beginning with the desirous, incomplete human body, he asks us to focus on five ordinary objects—stones, incense, drums, crosses, and bread—with which we connect in our pursuit of religious meaning and fulfillment. As Plate considers each of these objects, he explores how the world's religious traditions have put each of them to different uses throughout the millennia. Religion, it turns out, has as much to do with our bodies as our beliefs. Maybe even more.

Riffling through the wardrobes of years gone by, costume historian Lucy Adlington reveals the rich stories underlying the clothes we wear in this stylish tour of the most important

developments in the history of fashion, from ancient times to the present day. Starting with underwear--did you know Elizabeth I owned just one pair of drawers, worn only after her death?--she moves garment by garment through Western attire, exploring both the items we still wear every day and those that have gone the way of the dodo (sugared petticoats, farthingales, and spatterdashers to name but a few). Beautifully illustrated throughout, and crammed with fascinating and eminently quotable facts, *Stitches in Time* shows how the way we dress is inextricably bound up with considerations of aesthetics, sex, gender, class, and lifestyle--and offers us the chance to truly appreciate the extraordinary qualities of these, our most ordinary possessions.

How do audiences look at actors in costume onstage? How does costume shape theatrical identity and form bodies? What do audiences wear to the theatre? This lively and cutting-edge book explores these questions, and engages with the various theoretical approaches to the study of actors in performance. Aoife Monks focuses in particular on the uncanny ways in which costume and the actor's body are indistinguishable in the audience's experience of a performance. From the role of costume in Modernist theatre to the actor's position in the fashion system, from nudity to stage ghosts, this wide-ranging exploration of costume, and its histories, argues for the centrality of costume to the spectator's experience at the theatre. Drawing on examples from paintings, photographs, live performances, novels, reviews, blogs and plays, Monks presents a vibrant analysis of the very peculiar work that actors and costumes do on the stage.
