the amazing trick of being profiled positively in both Mother Jones and National Review in one lifetime. The stunning story of his political odyssey is told in this memoir, where Simon recounts his migration from financier of the Black Panther Breakfast Program to pioneer blogosphere mogul beloved by the right as a 9/11 Democrat. But Simon is beholden to neither right nor left in this tale of Hollywood chic run amuck, as he talks out of school about his adventures with, among many others, Richard Pryor, Warren Beatty, Timothy Leary, Richard Dreyfuss, Woody Allen, and Julian Semyonov, the Soviet Unions version of Robert Ludlum and also a KGB colonel who tempted Simon to join the KGB himself.

Jim Clark shares his experiences as a highly successful film editor at a time when films were a true collaboration of talented individuals. The legendary "Doctor" Clark was the man who could make sick films healthy again. The role of editor in the collective, collaborative process that is the making of any film is massively important but not one that is generally recognized outside the small pond that is the filmmaking community. In this wonderfully enjoyable memoir, this point becomes steadily obvious, but it is made with subtlety, discretion, and modesty. The book is also a history of the post-war film industry in England and America as well as an autobiography. As William Boyd wrote in his Introduction, "The trouble with writing an autobiography is that you can't really say what a great guy you are, what fun you are to work with and hang out with, what insight and instinct you have about the art form of cinema, and how much and how many film directors are indebted to you."

Simon and Garfunkel were one of the greatest acts of the sixties, whose output formed an almost unbroken series of bestselling hits. With Paul Simon's brilliant songs and Art Garfunkel's voice, the duo produced the flawless and awe-inspiring harmony that thrilled a generation. This in-depth biography follows their careers from their childhood in Queens and their early days as 'Tom and Gerry', which produced the hit single 'Hey Schoolgirl', to their role in the evolving folk scene in the sixties. Victoria Kingston traces Paul Simon's famous tour of one night stands in the north of England, talking to the people who hired him for [pound]10 a night and finding fresh insights into this important period of his life. Fame came unexpectedly for the duo, catapulting them unprepared from relative obscurity to chart-topping success. While they went on to produce such classic songs as 'The Boxer', 'The Sound of Silence' and 'Bridge Over Troubled Water', the pressure of stardom ironically hastened the end of their partnership and almost ruined their friendship. Victoria Kingston analyses the characters of the two men, showing how they initially complemented each other but how, in the end, Paul Simon was unable to work in tandem with Art.

Bank robberies should run like clockwork, right? If your name's Parker, you expect nothing less. Until, that is, one of your partners gets too greedy for his own good. The four-way split following a job leaves too small a take for George Uhl, who begins to pick off his fellow hoisters, one by one. The first mistake? That he doesn't begin things by putting a bullet in Parker. That means he won't get the chance to make a second. Some acting careers are made by one great role and

some fall into obscurity when one is declined. Would Al Pacino be the star he is today if Robert Redford had accepted the role of Michael Corleone in *The Godfather*? Imagine Tom Hanks rejecting Uma Thurman, saying that she acted like someone in a high school play when she auditioned to play opposite him in *The Bonfire of the Vanities*. Picture Danny Thomas as *The Godfather*, or Marilyn Monroe as Cleopatra. This reference work lists hundreds of such stories: actors who didn't get cast or who turned down certain parts. Each entry, organized alphabetically by film title, gives the character and actor cast, a list of other actors considered for that role, and the details of the casting decision. Information is drawn from extensive research and interviews. From *About Last Night* (which John Belushi turned down at his brother's urging) to *Zulu* (in which Michael Caine was not cast because he didn't look "Cockney" enough), this book lets you imagine how different your favorite films could have been.

The legacy of the Marshall players who perished transcends wins and losses. Their tragic deaths squashed the likelihood of a bloody race riot on campus. The evening of November 14, 1970 was damp and chilly with a steady drizzle and dense fog. Students at Marshall University had no idea that the night's horrific events would change their lives forever. On this night, a plane crash wiped out most of the school's football team. Unless you were there, you could never fully comprehend the gravity of grief that engulfed Huntington, West Virginia, in the days following the worst aviation disaster in the history of American sports. I know. I was

there. I'll never forget. It could have been me on that plane. I played football at MU for two seasons. A year before the tragedy, I left the team for personal reasons. When the school began the daunting task of resurrecting its football program in the spring of '71, it was a no-brainer decision for me to rejoin the team and become part of the rebuilding process. Media projects devoted to the plane crash provide well-deserved notoriety. Still, there are glaring omissions. Now, for the first time, former Marshall defensive back Craig T. Greenlee tells the real story – the whole story – about Thundering Herd football from back in the day.

leading actors and actresses--the roles they played, as well as any special or unusual aspects of individual shows. This second volume in the series, covers what is probably the richest period in American theater, the years 1914 through 1930. Bordman includes most of Eugene O'Neill's work, along with playwrights as diverse as Elmer Rice and George Kaufman. Among the era's stars one finds John and Ethel Barrymore, Helen Hayes, Katherine Cornell, and Lynn Fontaine and Alfred Lunt. Considering the sheer number of productions, American theater climbed to its all-time high in the 1920s; by mid-decade, nearly 300 new plays appeared on Broadway each year. America saw more theatrical activity--in every sense of the word-- than any time before or since.
