The Earth Walkers is a story of the relationship of horses, humans, and planet earth. It is a simple story that over time we, as humans, have complicated. Once, all three lived in harmony, but humans viewed this as primitive, savage, or wild. And so we began to make our existence together more civilized. In our interference, we began to lose respect for our planet and all that lived upon it, including ourselves. One of the three, though, remained steadfast throughout the story. Horses, except in their physical appearance, have neither changed nor tried to change anything, just being themselves, constantly at our sides. Tracing the story of the relationship from the beginning of time, the unique bond between humans and horses is explored through different civilizations and cultures up to present day. It tracks the journey of the two species and the effect they had on earth as they walked around it. It also tells the

story of how—when in times of disruption, chaos, and imbalance—earth has spoken to us, giving us signs; and horses have always been there, guiding us to a path back home. It is a path to a home on earth where all can live in harmony and at peace—a path that we will hopefully choose to walk together once again.

The translation of Felicja Kruszezwska's *A Dream* introduces a major play by a twentieth-century female playwright to the English-speaking world. On March 7, 1927 *A Dream* - a large-scale expressionistic drama by an unknown poet - burst on the Polish theatrical scene in a dazzling debut production by the young actor Edmund Wiercinski, who would become one of the outstanding directors of his time. The play's hallucinatory visions of the rise of fascism and the heroine's longing for a providential savior on a white horse spoke directly to Polish audiences about their deepest anxieties. During the next two years *A Dream* received three additional stagings and became the subject of lively debate and controversy. The play, which has been successfully revived in 1974, is an outstanding example of European expressionism. The volume also contains *An Excursion to the Museum*, by the contemporary Polish poet, playwright, and short-

The Dream Life of Jesus is a fictional account of Jesus's dream life, created and adapted from the extensive dream journals of the author. It attempts to imagine what Jesus would have recorded in his dream journals had he kept them. The early life of Jesus was guided by the dreams of his earthly father, Joseph, as recorded in the first two chapters of the Gospel of Matthew. The Jewish Talmud says, "A dream not interpreted is like a letter unopened from God." Sigmund Freud said that "dreams are the royal road to the Unconscious." And Jeremy Taylor says that "all dreams come in the service of health and wholeness." It is the intention of the author to inspire those who read this to start paying attention to their dreams.
