Many exciting and rewarding careers exist for nature lovers, many of which don't require a college degree. The author presents a variety of jobs that allow people to make a living in the great outdoors, from guiding tourists on whitewater rafting expeditions to photographing exotic animals in distant, beautiful locales. Careers such as park ranger, wildland firefighter, and ecotourism planner allow people to enjoy some of the world's most spectacular environments while also protecting these areas for future generations. Helpful career-related resources such as organizations, books, magazines, and blogs follow each chapter, and stunning color photographs draw in the reader.

Filling a gap in the market, this new title approaches the field through a uniquely international angle, with increased emphasis on the impact of digital technology and supported by international case-studies.

Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish.

Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

Doomsday has arrived. With the world in chaos, your choices will decide your fate. Facing a global apocalypse, do you have what it takes to survive?

person accounts from professionals in the field. This guide is all that a camera enthusiast needs to get started planning and building a career—all without having to worry about student loans.

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Finding an Anchor By: Wendy Zuccarello Growing up without a family and many friends, Kennedy finds herself battling with Severe Panic Disorder. After her boyfriend leaves her high and dry, Kennedy is unsure what the future holds for her. After accepting she may be a loner for the rest of her life, she decides to take a vacation to Maine. Then all her plans change. She meets a man named Tag. A story about inner strength and being able to find that strength inside, Kennedy is pushed to the limits in this fast pace romance story.

To do what no other magazine does: Deliver simple, delicious food, plus expert health and lifestyle information, that's exclusively vegetarian but wrapped in a fresh, stylish mainstream package that's inviting to all. Because while vegetarians are a great, vital, passionate niche, their healthy way of eating and the earth-friendly values it inspires appeals to an increasingly large group of Americans. VT's goal: To embrace both.

Offers reviews and recommendations of over 25,000 titles for children, and includes brief annotations, bibliographic data, and review citations.
