Do you think Universe, in her ultimate wisdom, would present humanity with the wonderful gift of Reiki and then dictate that everyone use it and practice it in the exact same way? For the author, the answer is no. Each of us is an individual and when transmitting Reiki, the Universal Life Force Energy must take into account our individual differences. Reiki is not a static energy but a fluid one. For the author Reiki is a personal healing system, based on his relationship with Universe and the gift she gave him. And her gift is not a generic one. It is a personal one. That is the reason this book was written - to show the reader how to connect directly with the Reiki Energy and claim the personal gift the author believes you are entitled to.

The healing stories are too numerous to count but she does include specific testimonials within her training manual that speak for the thousands of others who have been healed through the doorway of Reiki. In this way, Eileen's Level I and II training manual, becomes a living testimony as she thoroughly covers all the information required to be a successful and competent Reiki practitioner. Written with inspiration and clarity, Eileen takes the reader on an amazing journey into the dynamic world of the inner self. Like a fresh current of air, she presents her material in an appealing and easily digestible manner. The uniqueness of Eileen's Reiki training manual lies in her ability to weave the Christ conscious healing dimension into it just as an alchemist would when producing gold. In this way, Eileen shows how the revered eastern practice of Reiki discovered by Dr. Mikao Usui, a Japanese Buddhist, in the early 20th century can blend perfectly with a Christian heritage of healing where the one enhances the other. At the same time, she shows how this simple, profound method of healing transcends cultural and religious boundaries in a way that makes this universal gift of Life Force Energy accessible to anyone. Often people who encounter Reiki for the first time experience an inner bliss and harmony which leads them to explore the gift more fully. Others go away from the treatment or training feeling restored, refreshed and renewed. Reiki, the universal Life

In *What If?: Contemplations of an Undergrad*, author Christy Clarke has compiled several of her most passionate beliefs and contemplations. Beginning with a bit of insight into the author's personality and reasons for writing this book, Clarke then delves into the debate between science and religion, and offers an explanation of her own personal ontology. However, the primary focus of this book is on animal rights, consciousness, and experimentation. Arguments are

made to provoke contemplation of what different areas of research have suggested about these controversial issues in hopes of arousing greater popular interest in them. Among the controversial topics it explores are: connecting animal cruelty to human slavery, a consideration and response to the debate between science and religion, and an investigation of what alternative health therapies contribute to the debate over nonhuman animal consciousness. Significant research and thought has gone into each of the pages in this book, and its enthusiastic arguments are sure to provoke reader contemplation, whether one agrees or disagrees with the author's additional arguments and decision to acknowledge and embrace personal biases rather than try to work outside of them.
