William WilberforceThe Life of the Great Anti-slave Trade CampaignerHarperCollins Publishers

"God has set before me two great objects: the abolition of the slave trade and the reformation of manners." These immortal words penned by William Wilberforce in 1787 were the beginning of his lifelong crusade as a Christian statesman and philanthropist. He became a member of the British Parliament for his hometown of Hull in 1780 and

represented Yorkshire in 1784, a seat he retained until 1812. This moving biography of Wilberforce tells the story of his religious conversion in 1784 and his rise to leadership of the Clapham Sect-a group of evangelicals active in political, philanthropic, and religious causes. Under his leadership, the "Saints," as they were called, championed parliamentary and prison reforms, missionary endeavors, Bible distribution, and a host of other charitable efforts and organizations. These causes included the Church Missionary Society (established in 1799) and the British and foreign Bible Society (founded in 1804). Statesman and Saint also describes Wilberforce's unrelenting fortyyear crusade against slavery, in spite of many defeats in Parliament. He labored for eighteen years to secure the abolition of the slave trade, enduring personal criticism, deep-seated prejudice, and threats on his life for another twenty-six years before he saw the Emanicipation Bill finally passed in July 1833. His influential book, A Practical View, laid the foundation for the moral elevation of the Victorian Era that followed his death only three days after the Emancipation Bill was passed in Parliament. Amazing Grace tells the story of the remarkable life of the British abolitionist William Wilberforce (1759-1833). This accessible biography chronicles Wilberforce's extraordinary role as a human rights activist, cultural reformer, and member of Parliament. At the center of this heroic life was a passionate twenty-year fight to abolish the British slave trade, a battle Wilberforce won in 1807, as well as efforts to abolish slavery itself in the British colonies, a victory achieved just three days before his death

in 1833. Metaxas discovers in this unsung hero a man of whom it can truly be said: he changed the world. Before Wilberforce, few thought slavery was wrong. After Wilberforce, most societies in the world came to see it as a great moral wrong. To mark the 200th anniversary of the abolition of the British slave trade, HarperSanFrancisco and Bristol Bay Productions have joined together to commemorate the life of William Wilberforce with the feature-length film Amazing Grace and this companion biography, which provides a fuller account of the amazing life of this great man than can be captured on film. This account of Wilberforce's life will help many become acquainted with an exceptional man who was a hero to Abraham Lincoln and an inspiration to the anti-slavery movement in America.

Excerpt from The Life of William Wilberforce, Vol. 2 of 2 Death of Fox - Passage of Bill for Abolition of Slave Trade - Contest for Yorkshire. The death of Mr. Pitt dissolved the existing govern ment, and the inheritance of his power was divided amongst the followers of Mr. Fox, Lord Grenville, Mr. Windham, and Lord Sidmouth. It was Mr. Wilber force's general practice to support the King's govern ment whenever he was able; and on this ground he now disclaimed at once all intentions of systematic Opposition. He wished too, as far as possible, to conciliate their sup port in the approaching Abolition struggle; and greatly to the annoyance of many of his friends supported Lord Henry Petty in the contest tor

the representation of the University of Cambridge, which followed the death of Mr. Pitt. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Excerpt from The Life of William Wilberforce: Compiled From the Memoir Published by His Sons, and From Other Sources IT has been well remarked, that there is no more powerful instru ment of useful or pernicious in?uence on mankind than Biography. Addressing itself to that propensity to imitation which exists to a greater or less degree in every mind, it allures by the force of example, and carries feeling and judgment alike captive in its train. There are those who, during life, pursuing the noiseless tenor of their way, have shrunk to hear the obstreperous trump of Fame, who have, however, walked so holy, harmless and undefiled in the circumscribed sphere in which they have moved, that it becomes

a duty to give wider extent to their usefulness by diffusing the knowledge that such an one has lived and how. Others, the observed of all observers, placed by the providence of God in exalted stations, have occupied the many talents committed to their care with equal diligence and devotion to their Master's service. The wide spread in?uence of such cannot be increased - eulogy is not only wasted upon them, it becomes defamation, -the duty of the biographer is to catch as it were the light from their splen did public actions, and re?ect it upon the minor virtues of life, that so they may shine, not with a borrowed but a filial splendour, and attract the attention of the multitude, who, while they may not emulate the greater display, may be led to imitate the smaller but not less important actions which constitute the great sum of duty. This prominent station was occupied by William Wilberforce. Not one nation, but the whole human family participated in the benefit he conferred on his fellow-men. Had he done no more than lead on the battle which resulted in the Abolition of the Slave Trade, his would have been unrivalled honour. Other men have given freedom to their own country - he was the successful champion of humanity; and it may be questioned whether the benefit he con ferred on bleeding Africa or oppressing Europe was the greatest. He stanched the wounds of the one, while he stayed the progress of the other in a career of oppression and cruelty which could not but have called

down the just vengeance of a righteous God. To Africa, that God has ordained a recompense for her wrongs, in the re?ection back Upon her darkened shores of the benefits of Chris tianity which will result from the temporary sojourn of her sons in a cruel bondage on ours. While to them that did the wrong no re sult will follow but evil, unless the wrong be repented of and for saken, and so far as possible reparation made. Wilberforce's classic work, A Practical View of Christianity, is concerned with convincing those who call themselves Christians to pursue "the real nature and principles of the religion which they profess." Christianity is not a mere morality, to be held in private. Christianity is revelation from God, bringing new rights and correspondent duties. It is an entire way of life that requires diligence and study and that should affect every aspect of the Christian's public and private life. "In how different a congregation," he writes to his family on the first Sunday he now spent at Bath, "have I been from that of Pakefield! It reminded me of the difference between the twelve poor fishermen, (I did not till now recollect that yours are literally such,) who constituted the first assemblages of Christians, and the welldressed and well-mannered meetings of the high and the literary, who used to congregate for their various purposes of devotion or instruction.

Though I make it an invariable rule not to write letters on a Sunday, except in cases of necessity and charity, yet on the principle of charity I may send you a few friendly lines. I need not assure you that on this day you are all much in my thoughts. I hope you all feel grateful for being brought at once into so friendly an intimacy with so excellent a family as that at Earlham. For my part I am still full of Earlham, or rather of its inhabitants. One of our great astronomers has stated it as probable that there may be stars whose light has been travelling to us from the creation, and has not yet reached our little planet; and thus some have accounted for new stars first observed by more recent astronomers. In this Earlham family a new constellation has broke upon us, for which you must invent a name as you are fond of star-gazing; 1816. Excerpt from The Life of William Wilberforce: Compiled From the Memoir Published by His Sons, and From Other Sources There is no intention of entering here into the merits of this questio vxeata. The abridginent and republication of this me moir was not undertaken With the view of its exercising any in?uence upon it. The circumstances of Great Britain and the United States are sodissimilar, that no reasoning can be brought from the one to bear upon the other. The expression of thankfulness that England could be just while she was generous, which ?owed from the dying lips of the great Champion of British Emancipation, sepa rates the actors there from the agitators here, not less widely than the ocean which rolls between the countries. Most fervently is the, coming of that time to be desired, when, through the prevalence of Christian faith and practice, wrong and violence and oppression shall be banished from the earth; when the servant shall be found doing service With good will as to the Lord and not to man, and the. Master rendering to the servant that which is just and equal. But every unhallowed weapon employed in the cause recoils on the head of him that uses it, and every

unbidden hand stretched forth in the service but calls destruction on its mover, while the poor: objects of sympathy are made to groan in still deeper bondage, from the misdirected efforts of their ill-judging friends.
