This is a major update for me. The ePUB production techniques have changed quite a bit: both for fixed layout and for reflowable ePUBs. Many of the changes I've been waiting for with ePUB production have been implemented. InDesign now stands at the top of the heap for book production in general and ePUB production in particular. You do not need to know code, though understanding how HTML and CSS works will aid your conceptual understanding. I was lukewarm about FXL until I realized that the new fixed layout ePUBs would show gradient paragraph rules, gradient strokes and fills in tables, and much more. The only major things we're missing are justification and hyperlinked test does not work in FXL. The exported ePUBs upload flawlessly to the iBooks Store and Kobo Writing Life. Finally, the 21st century book publishing software we need is within our grasp. There's still more to come, but this version is very good.

A wing-swept journey through the Universe, beginning in the heart of a 'fallen angel' called Ever, as he wanders through the chances and circumstances of

humanity, as he drifts within the vast emptiness of his abandonment and exile among the stars, along with all the far-reaching consequences his self-serving pursuit of an ideal has brought to bear upon all Creation, and especially upon his beloved Always, whose tears are the river of this tale . . . A journey that unfolds around his surrender to a spiritual awakening, and ends with his discovery and final embrace of a remarkably simple notion - when fools set out to find what they already possess, they discover only the follies of men . . . born of an ancient yet unremembered legend, a fairy's tale, old as rhyme and even Time itself, captured in the echoes of uncountable voices across the millennia, comes an achingly beautiful love story, wrapped in the mists and myths of a place called Avalon, and whispering of the mysteries and majesties of God . . . A thoroughly unique collection of short stories and lyrical prose, called DoveTales, that weave an amazing trilogy of dreams into the most vibrant threads of faith, courage, and devotion, which are all then so cleverly crafted to become a glorious tapestry of love, loss, and the triumph of love, again . . . as seen through the eyes of Angels, as they peer into the very hearts and souls of those who always seem to search for Glory, when all they really ever need, is Grace . . . And who might enjoy reading this story ? Demographically speaking, any female between the ages of 9 and 90; any male between those very same benchmarks who would like to get to know those females (who now have a remarkably heightened view of themselves after reading it, and a whole new set of standards for those males to measure up to) . . . anyone possessing even a small spark of spiritual insight or inclination, and would be open to considering a vastly simple concept of where they might fit in the grand scheme of things, and the quite attainable realities of their role within it . . . anyone possessing a sense of wonder, and a welcoming regard for a heavenly presence in

their world, along with the acknowledgement and embrace of the more compassionate virtues such as patience, tolerance, acceptance and forgiveness, with all respect given to uplifting the human condition beyond measure . . . anyone seeking a remarkably different view of mankind, as it relates to womankind; a dramatically elevated concept regarding the Feminine Ideal and its divine or spiritual significance . . . that will turn all male-dominated religious biases and historically gender-centric portrayals of a woman's place, position or importance in the pantheon of God's cast of characters, on its collective head . . . anyone seeking inspirational, lyrical, romantic, or poetic verse or prose, and wishes to explore alternative expressions of inspired, enlightened, theological, or purpose-driven thought . . . are fully cognizant and accepting of a Christian paradigm of living, and believe that when our creative knowledge embraces our artistic desires, we can achieve global understanding . . .

In the new millennium, an incredible opportunity has appeared to the Body of Christ: the new self-publishing paradigm. It is my belief that the Lord intends to use this gift as a tool to disciple the church and to plant seeds for the final harvest. Only time will tell about this. Regardless, the role of Christian author in the midst of all that is going on in the world needs careful examination. If the Lord has called you to write, what does that mean? You have been called by the Lord of Lords to do this work He has given you to do. That's real serious. This is God talking to you. What does He expect from you? How are you to respond? What skills will you need? How will you get your books to sell? The questions keep appearing before our eyes one after the other as we struggle

to make sense of it all. So, who am I to try and help? One compelled to write about these issues and to encourage Christian authors to walk the strait and narrow path. I've been teaching scripture since 1974, which is almost as long as I have been working for publishers and designing books. I was a teaching pastor for over a decade. But, none of that matters. What matters is how you react to the message. 2018 Edition: This step-by-step book walks the reader through setting up a website using WordPress from start to finish, complete with screenshots and a simplified checklist.
