"... Is a comprehensive primer on investment banking. It is rooted in practical advice as well as experience-based methods, and provides clear descriptions and numerical examples of many of the analyses undertaken on the job. Designed to demystify this closed-door world, The Practitioner's Guide clarifies and explains many of the formal and informal aspects of investment banking."--Book flap.

A job-search manual that gives career seekers a systematic, tech-savvy formula to efficiently and effectively target potential employers and secure the essential first interview. The 2-Hour Job Search shows job-seekers how to work smarter (and faster) to secure first interviews. Through a prescriptive approach, Dalton explains how to wade through the Internet's sea of information and create a job-search system that relies on mainstream technology such as Excel, Google, LinkedIn, and alumni databases to create a list of target employers, contact them, and then secure an interview—with only two hours of effort. Avoiding vague tips like "leverage your contacts," Dalton tells job-hunters exactly what to do and how to do it. This empowering book focuses on the critical middle phase of the job search and helps readers bring organization to what is all too often an ineffectual and frustrating process.

CITYBOY is Geraint Anderson's bestselling exposé of life in the City of London. In this no-holds-barred, warts-and-all account of life in London's financial heartland, *Cityboy* breaks the Square Mile's code of silence, revealing tricks of the trade and the corrupt, murky underbelly at the heart of life in the City. Drawing on his experience as a young analyst in a major investment bank, the six-figure bonuses, monstrous egos, and the everyday culture of verbal and substance abuse that fuels the world's money markets are brutally exposed as *Cityboy* describes his ascent up the hierarchy of this intensely competitive and morally dubious industry, and how it almost cost him his sanity.

A step-by-step, comprehensive approach to private equity and private debt *Private Capital Investing: The Handbook of Private Debt and Private Equity* is a practical manual on investing in the two of the most common alternative asset classes (private equity and private debt) and provides a unique insight on how principal investors analyze investment opportunities. Unlike other textbooks available in the market, *Private Capital Investing* covers the various phases that principal investors follow when analyzing a private investment opportunity. The book combines academic rigor with the practical approach used by leading institutional investors. Chapters are filled with practical examples, Excel workbooks (downloadable from the book website), examples of legal clauses and contracts, and Q&A. Cases are referred at the end of every chapter to test the learning of the reader. Instructors will find referrals to both third-party cases or cases written by the author. • Covers analytical tools • Includes the most common methods used to structure a debt facility and a private equity transaction • Looks at the main legal aspects of a transaction • Walks readers through the different phases of a transaction from origination to closing Bridging the gap between academic study and practical application, *Private Capital Investing* enables the reader to be able to start working in private equity or private debt without the need for any further training. It is intended for undergraduates and MBA students, practitioners in the investment banking, consulting and private equity business with prior academic background in corporate finance and accounting.

Destined to become a market classic, *Dynamic Hedging* is the only practical reference in exotic options hedging and arbitrage for professional traders and money managers. Watch the professionals. From central banks to brokerages to multinationals, institutional investors are flocking to a new generation of exotic and complex options contracts and derivatives. But the promise of ever larger profits also creates the potential for catastrophic trading losses. Now more than ever, the key to trading derivatives lies in implementing preventive risk management techniques that plan for and avoid these appalling downturns. Unlike other books that offer risk management for corporate treasurers, *Dynamic Hedging* targets the real-world needs of professional traders and money managers. Written by a leading options trader and derivatives risk advisor to global banks and exchanges, this book provides a practical, real-world methodology for monitoring and managing all the risks associated with portfolio management. Nassim Nicholas Taleb is the founder of Empirica Capital LLC, a hedge fund operator, and a fellow at the Courant Institute of Mathematical Sciences of New York University. He has held a variety of senior derivative trading positions in New York and London and worked as an independent floor trader in Chicago. Dr. Taleb was inducted in February 2001 in the Derivatives Strategy Hall of Fame. He received an MBA from the Wharton School and a Ph.D. from University Paris-Dauphine.

Investment Banking Praise for Investment Banking, UNIVERSITY EDITION "This book will surely become an indispensable guide to the art of buyout and M&A valuation, for the experienced investment practitioner as well as for the non-professional seeking to learn the mysteries of valuation." —David M. Rubenstein, Co-Founder and Co-Executive Chairman, The Carlyle Group Host, The David Rubenstein Show: Peer to Peer Conversations "The two Joshes present corporate finance in a broad, yet detailed framework for understanding valuation, balance sheets, and business combinations. As such, their book is an essential resource for understanding complex businesses and capital structures whether you are on the buy-side or sell-side." —Mitchell R. Julis, Co-Chairman and Co-CEO, Canyon Partners, LLC "Investment Banking provides a highly practical and relevant guide to the valuation analysis at the core of investment banking, private

equity, and corporate finance. Mastery of these essential skills is fundamental for any role in transaction-related finance. This book will become a fixture on every finance professional's bookshelf." —Thomas H. Lee, President, Lee Equity Partners, LLC Founder, Thomas H. Lee Capital Management, LLC "As a pioneer in public equities, Nasdaq is excited to be partnering with Rosenbaum and Pearl on Investment Banking as they break new ground on content related to IPOs, direct listings, and SPACs. We recommend the book for any shareholder and senior executive looking to take a company public, as well as their bankers and lawyers." —Adena Friedman, President and CEO, Nasdaq "Investment Banking requires a skill set that combines both art and science. While numerous textbooks provide students with the core principles of financial economics, the rich institutional considerations that are essential on Wall Street are not well documented. This book represents an important step in filling this gap." —Josh Lerner, Jacob H. Schiff Professor of Investment Banking, Harvard Business School Co-author, *Venture Capital and Private Equity: A Casebook* "Valuation is the key to any transaction. Investment Banking provides specific step-by-step valuation procedures for LBO and M&A transactions, with lots of diagrams and numerical examples." —Roger G. The quant job market has never been tougher. Extensive preparation is essential. Expanding on the successful first edition, this second edition has been updated to reflect the latest questions asked. It now provides over 300 interview questions taken from actual interviews in the City and Wall Street. Each question comes with a full detailed solution, discussion of what the interviewer is seeking and possible follow-up questions. Topics covered include option pricing, probability, mathematics, numerical algorithms and C++, as well as a discussion of the interview process and the non-technical interview. All three authors have worked as quants and they have done many interviews from both sides of the desk. Mark Joshi has written many papers and books including the very successful introductory textbook, "The Concepts and Practice of Mathematical Finance." The New Conceptual Selling has turned conventional sales thinking on its head by offering powerful, practical lessons that break down the boundaries of traditional product pitch selling. Based on the world-renowned Miller Heiman sales training programme, which has been adopted by some of the world's top companies, it is a thoroughly validated systematic process that has been shown to produce immediate, significant and reliable sales increases. Through listening to the customer and identifying their 'concept', it will teach sales directors, managers and executives how to identify customers' real needs, tailor every sale to one specific client, and earn and maintain credibility.

Remember when an optimized website was one that merely didn't take all day to appear? Times have changed. Today, website optimization can spell the difference between enterprise success and failure, and it takes a lot more know-how to achieve success. This book is a comprehensive guide to the tips, techniques, secrets, standards, and methods of website optimization. From increasing site traffic to maximizing leads, from revving up responsiveness to increasing navigability, from prospect retention to closing more sales, the world of 21st century website optimization is explored, exemplified and explained. Website Optimization combines the disciplines of online marketing and site performance tuning to attain the competitive advantage necessary on today's Web. You'll learn how to improve your online marketing with effective paid and natural search engine visibility strategies, strengthened lead creation and conversion to sales methods, and gold-standard ad copywriting guidelines. Plus, your increased site speed, reduced download footprint, improved reliability, and improved navigability will work synergistically with those marketing methods to optimize your site's total effectiveness. In this book for business and IT managers, author Andrew King, president of Website Optimization, LLC, has assembled experts in several key specialties to teach you: Search engine optimization -- addressing best (and worst) practices to improve search engine visibility, including step-by-step keyword optimization guidelines, category and

tag cloud creation, and guerilla PR techniques to boost inbound links and improve rankings Pay-per-click optimization -- including ad copywriting guidelines, setting profit-driven goals, calculating and optimizing bids, landing page optimization, and campaign management tips Optimizing conversion rates -- increasing leads with site landing page guidelines, such as benefit-oriented copy, credibility-based design, value hierarchies, and tips on creating unique selling propositions and slogans Web performance tuning -- optimizing ways to use (X)HTML, CSS, and Ajax to increase speed, reduce your download footprint, and increase reliability Advanced tuning -- including client-side techniques such as on-demand content, progressive enhancement, and inline images to save HTTP requests. Plus server-side tips include improving parallelism, using cache control, browser sniffing, HTTP compression, and URL rewriting to remap links and preserve traffic Web metrics -- illustrating the best metrics and tools to gather details about visitors and measure web conversion and success rates. Covering both search marketing metrics and web performance measures including Pathloss and waterfall graphs Website Optimization not only provides you with a strategy for success, it also offers specific techniques for you and your staff to follow. A profitable website needs to be well designed, current, highly responsive, and optimally persuasive if you're to attract prospects, convert them to buyers, and get them to come back for more. This book describes precisely what you need to accomplish to achieve all of those goals.

****Winner of the Financial Times and Goldman Sachs Business Book of the Year Award**** 'Brad Stone's definitive book on Amazon and Bezos' The Guardian 'A masterclass in deeply researched investigative financial journalism . . . riveting' The Times The definitive story of the largest and most influential company in the world and the man whose drive and determination changed business forever. Though Amazon.com started off delivering books through the mail, its visionary founder, Jeff Bezos, was never content with being just a bookseller. He wanted Amazon to become 'the everything store', offering limitless selection and seductive convenience at disruptively low prices. To achieve that end, he developed a corporate culture of relentless ambition and secrecy that's never been cracked. Until now... Jeff Bezos stands out for his relentless pursuit of new markets, leading Amazon into risky new ventures like the Kindle and cloud computing, and transforming retail in the same way that Henry Ford revolutionised manufacturing. Amazon placed one of the first and largest bets on the Internet. Nothing would ever be the same again.
